| GENERAL       | Flexible and durable   | Yes                       |
|               | Reusable   | Yes                       |
|               | Autoclavable   | Yes                       |
|               | Manual resuscitator or self-inflating bag or reservoir bag for positive pressure ventilating   | Yes                       |
|               | Low resistance Non-breathing expiratory valve available  | Yes                       |
|               | Type of expiratory valve   | one way silicon oval      |
|               | Pressure limiting valve available  | Yes                       |
|               | Type of pressure limiting valve  | one way silicon oval      |
| DIMENSIONS    | Maximum bag Volume (ml)  | 1500                      |
|               | Length (mm)  | 250                       |
|               | Outer diameter (mm)  | 140                       |
|               | Weight including patient connector (gms)   | 200                       |
| MATERIAL      | Material (Medical grade, latex-free, non-toxic, non-allergic and antistatic)   | Silicon rubber            |
|               | Application temperature 20 deg C to 50 deg C   | Yes                       |
| FUNCTIONAL    | Storage Temperature - 40 deg C to 70 deg C   | Yes                       |
|               | Re-breathing bag should have an expiratory resistance of 2 point 2 cms of water  | Yes                       |
|               | Re-breathing bag should have an inspiratory resistance of 3 point 3 cms of water   | Yes                       |
|               | Re-breathing bag should have controlled flow rates and ventilation and with reduced airway pressure  | Yes                       |
|               | Port available in the bag to connect with Oxygen reservoir   | Yes                       |
|               | Patient connector available  | Yes                       |
|               | Type of patient connector  | one way silicon oval      |
| PACKING       | Packing  | Peelable Polyethene pouch |
| CERTIFICATION | Submission of Test Report on Form 39 or form Central Govt/NABL/ILAC accredited Lab or Manufacturer's inhouse Test Report to prove the conformity to declared specification at the time of supply | Yes                       |
|               | Certification Available  | ISO                       |
|               | Submission of all the certifications to the buyer along with supplies on demand  | Yes                       |

## Terms and Conditions

### 1. General Terms and Conditions
