Message

I am happy to note that Vigilance Awareness Week -2020 is being observed from 27th October to 2nd November 2020 under the aegis of Central Vigilance Commission on the theme "Satark Bharat, Samriddh Bharat". I am also glad to learn that the Organizers have included various Activities to make the event participative and informative.

I personally feel that the chosen theme is most relevant in bringing meaningful transformation in approach towards Preventive Vigilance. In the present age of complete transparency and accountability, the first step and all steps in discharging duties as while holding public position should be in complete compliance to set Rules and the selected theme shall serve as a guiding light toward effective and efficient decisions translating India to "Samriddh Bharat". Pro-active Vigilance and motivation through drives like Awareness Week will make deeper impact towards self-introspection and adopting change towards better societal living.

I am also happy to learn that on this occasion a magazine, titled "E-PAHAL", is being brought out for assimilating the flow of positive thoughts and information about Vigilance activities. This would definitely serve as a reference and guide towards betterment of Vigilance understanding and probity in public life.

I convey my best wishes for the grand success of the Vigilance Awareness Week 2020 and commend the Organizers for their endeavour.

(Rajiv R. Mishra)
