Dated: 16.07.2020

Director-in Charge (M&S)
ECL/BCCL/CCL/NCL/WCL/SECL/MCL

Sub: Liquidation of heavy arrears of pending industry indents of NRS Consumers.

Dear Sir,

This is in reference to the letter issued by ED (Coal), Ministry of Railways dated 08.07.2020 (copy enclosed) regarding the above-mentioned subject.

In this connection, please refer to the Railway board letter no:2020/TT-V/25/CIL dated 29.06.2020 (copy enclosed) where it was instructed to the Zonal railways that under the present economic circumstances on account of COVID-19 pandemic, not to supply rakes against pending indents of unwilling consumers on specific recommendation by the coal companies.

In this regard, to reduce the overall pending rakes, it has been proposed by Railways

Quote:

"...not to make any fresh 'offer/allotment' to the concerned railways' office for such consignees/consumers whose existing indent have been kept in abeyance on CIL/SCCL recommendations as they are not in a position to accept coal at present. In case, those consumers would require coal, their indents from the "kept in abeyance" list may be revived and loaded."

Unquote:

The above proposal is also agreed by CIL of not putting fresh booking for a particular month if the consumer is unable to take supplies in that month.

Already certain dispensation has been allowed by FDs of CIL in its 232nd meeting for NRS consumers for the year 2020-21 (copy enclosed) where point no:3 stipulates as under:

Quote:

"The above dispensation of carryover of un-lifted/un booked quantity in a particular month shall be allowed for the entire FY subject to availability of coal at the coal company and within the ceiling of ACQ."

Unquote:

In view of the above, following actions may be taken by the coal companies with intimation to the consumers:

- i. The consumers who wish not to have any movement of coal on account of Covid-19 pandemic shall request the Coal Company in advance to keep the indents in abeyance. In the absence of such advance intimation, it shall be deemed that the consumer is willing to accept the supplies against the pending indents.
- ii. On receipt of such requests for non-supply of rakes, the Subsidiary Company shall inform the concerned railway authority to keep the indents in respect of those consumers in abeyance. The indents in such cases shall continue to be kept in abeyance until the consumers specifically inform the Coal Company that they are ready to avail the supplies.
- iii. During the period the indents are kept in abeyance, the concerned consumers shall not be entitled to file fresh monthly programmes.
- iv. The indents so kept in abeyance shall be advised by the Coal Companies to the Railways for revival only on the specific request of the consumers. They shall be entitled to file fresh monthly programmes only after the written applications are made by the consumers to the Coal Companies for revival/ reactivation of the indents kept in abeyance.

This is issued with approval of the competent authority.

Encl: as above

Yours faithfully,

General Manager (M&S/QC)

No. 2020/TT-V/25/CIL

New Delhi, Dated 08.07.2020

To,

ED/Coal Mov/SCCL

Sub: Liquidation of heavy arrears of pending Industry indents.
Ref: Railway Board letter No. 2020/TT-V/25/CIL Dated 29.06.2020

It informed that heavy arrears of industry indents non-lapsable are pending at number of CIL sidings. It is also informed that Railways are having surplus rolling stock, which can be supplied against these pending indents. Letter from CIL and representations from end customers were received requesting for non-supply of coal rakes to the unwilling NRS consumers on account of economic condition developed due to COVID-19 pandemic situation. Taking a considered view, Railways issued instructions to Zonal Railways vide reference above, for not supplying rakes against pending indents of unwilling consumers on specific recommendation by the sponsored CIL subsidiaries/SCCL and a separate field has been created in FOIS system 'Indents kept in abeyance on CIL account' by carrying out necessary software modifications in FOIS/Coal RAS system. Such inactive indents can be revived/ re-activated at the instance of CIL subsidiaries/SCCL when the industry is willing and able to receive the Coal. A procedure order for implementation of above instructions has also been issued by Dir/Rail Movement/Kolkata and circulated to all concerned. The procedure is likely to get implemented in the FOIS system by 10.07.2020.

However, it is felt that the above action alone will not resolve the issue of heavy pending of industry arrears. To address the issue in totality it is requested that Subsidiaries Coal Companies may be advised at your end not to make any fresh 'Offer/allotment' to concerned Railway's office for such Consignees/Consumers whose existing indents have been kept in abeyance on CIL/SCCL recommendations as they are not in a position to accept coal at present. In case they would require coal, their indents from the 'Kept in abeyance' list may be revived and loaded. Zonal Railways have been advised to implement the above guidelines. Coal Companies may undertake necessary procedure changes at their end to keep offers of such consumers available in their records for future reference.
