Sub : Supply of Coal under Mine Specific Notified price to Power Sector Consumers from Western Coalfields Ltd., (WCL), a subsidiary of CIL.

Dear Sir,

WCL vide its Price Notification NO. WCL/GM(M&S)/2019/307 dated 01.11.2019 (copy enclosed as **Annex.1**) has notified the Price of coal for Power and Non-power sectors in terms of Mine Specific Pricing Policy wherein CIL authorized WCL to notify for such Prices for sustainability in production from its identified Mines. Under this policy, the viability of mines are assessed by the subsidiary Coal Cos., and accordingly, the prices are notified by the Subsidiary Coal companies for their Specific mines after subsuming additional amount over CIL Notified Price and thus renotified price is known as "Mine Specific Notified Price", as has been done by WCL.

While operationalizing the same, we are in receipt of representation from Association of Power Producers (APPs) vide letter No.APP/DG/2019-20/1436 dated 29.11.2019 (copy enclosed as **Annex.2**), wherein considering the viability of WCL mines notified under "Mine Specific Notified Price" policy have requested us to inform you so that the same is accepted by the Regulatory Commission under their PPAs based on competitive bidding under Section 63 of Electricity Act'2003 and any additional impact can be passed on under "**change-in law**" by the concerned Regulatory Commissions to the Power Producers.

Sir, since 80% of coal produced by CIL through its subsidiary Cos., including WCL is supplied to the Power Producers covered under both the Sections 62 & 63 of Electricity Act'2003 as amended, we, therefore, earnestly submit before you that the Power Producers be allowed to get necessary pass through under "**change-in-law**" as submitted by APP vide their above referred letter so that the Power Producers are able to source Coal from Source Specific Mines instead of importing coal leading to extra burden on our National Foreign Exchange reserves.

Thanking you,

Yours faithfully,
