Ref.No. WCL/HQ/GM(QC)/ 1304

Dt. Mar 15, 2019

प्रति,
Area General Manager
WCL/Umrer Area

16

Sub: Inclusion of MKD-I OCM as an additional feeding colliery to New Wharfwall Railway Siding of Umrer Area for the month of March 2019

Ref: Proposal received from Umrer Area vide file No. WCL/SAM/UMR/2279, dt. 11.3.2019

Dear Sir,

This is to inform that MKD-I OC Mine of Umrer Area has been included as an additional feeding colliery to the New Wharfwall Railway Siding of Umrer Area to meet the additional coal requirements of the above siding arising out of the Area' rail loading target of 10 rakes/day during March 2019. Accordingly, the updated list of the feeding collieries of above railway siding (transshipment point) of Umrer Area shall be as under for the Month of March 2019:

Railway Siding (Transshipment Point)	Feeding Collieries	Corresponding grade of ROM/Cr.ROM fraction
Umrer New Siding (New Wharfwall Siding)	i) Umrer OCM	G9
	ii) MKD-I OCM	G10
	iii) Gokul OCM (Seam-II)	G12

With the above decision, since above siding shall henceforth receive coal of 3 different grades, you are requested to ensure that the said coal received at the siding does not get mixed together but stacked separately at the pre-demarcated places and is loaded into rail wagons accordingly, depending on the availability of stock of each grade at the time of loading.

This issues with the approval of the competent authority and has come into effect retrospectively from 1st March 2019 and shall remain valid for one month, i.e., till 31st March 2019.

Yours faithfully,

[Signature] 15.3.19

General Manager (QC)
