### CIRCULAR

It has been observed that, scrap items in most of the UGs/Opencast Mines are kept or dumped at places, which are in near proximity of roads on which vehicles of Contractual Transporter/OB Carriers/Outsiders are plying. This makes these valuable scrap material vulnerable to theft and pilferage.

In order to prevent such happenings, all concerned officials are hereby advised that designated places for storing or dumping scrap material should be earmarked in every Area and these places under Area Nodal Officer/Depot Officer should have Security arrangement to prevent theft and pilferage of scrap materials.
