C I R C U L A R

It has been observed that while executing emergent works, the procedures envisaged in the manual are not being followed. Functional Directors in their 361st meeting directed that the emergent civil works should strictly be executed in terms of provision of clause 2.03(viii) and 4.00.2 of Civil Engineering Manual for Civil Engineering works. Any violation to this directives observed shall be viewed seriously and necessary action shall be initiated.
